01-Sep	18:30 - 20:00	Taster session	Twilight Rounds / 252s	3rd Sep	18:30 - 20:00	Twilight Rounds / 252s	

Summer Guidance

- The suggested rounds are simply suggestions. If an archer wants to shoot a different round, they are free to agree it with the other archers shooting although to ease set up, sticking to metric / Imperial would be preferred. However - due to the short evenings, the proposed rounds are 6 dozen (max) for the evening shoots.
- We suggest **not** shooting further than 70m on an evening and keeping to a distance you are comfortable with. If you want to try longer distances but are uncertain, look to shoot at the weekend where there is more time / light.
- All days are Target days to allow you to submit scores, **BUT** Tuesdays could be interrupted due to coaching and / or tuning sessions so it may not be possible to complete a round.
- Please remember to book in via the Club App and state the distance you want to shoot. This will assist with the set up of the range, given the short sessions in the evenings.
- Please feel free to support on the Taster Sessions and Junior Sessions.
- The last person to the field will act as Field Captain for the session. (Support will be given to anybody new to acting as Field Captain.)
- Ensure that the range is packed away before personal equipment to allow for a timely finish.
- Junior sessions may be moved depending on best availability for everybody. Look for confirmation of dates.

Round of the month

The rounds highlighted in blue will be used for a 'Round of the Month' competition, which will be for the best handicap adjusted score for that round in that month. For those currently without handicaps, you will need to submit a score for three rounds before you can participate -there is lots of opportunity to do this in April.
