26th Sep	14:00 - 18:00	American / St Nicholas		27th Sep	10:00 - 13:00	Social / Lottery / Zombie		

Summer Guidance

- The suggested rounds are simply suggestions. If an archer wants to shoot a different round, they are free to agree it with the other archers shooting although to ease set up, sticking to metric / Imperial would be preferred.
- All weekend shoots are Target days to allow you to submit scores for classification and handicap purposes.
- Please remember to book in via the Club App and state the distance you want to shoot. This will assist with the set up of the range.
- The last person to the field will act as Field Captain for the session. (Support will be given to anybody new to acting as Field Captain.)
- Ensure that the range is packed away before personal equipment to allow for a timely finish.
- Beginners courses 1, 3 & 4 will be split between Sunday am / Saturday pm. Course 2 will be held on Saturday afternoons. They will all be on Range 1 except for the final session, which will be on Range 2. Please ask to get involved
- The Club Championship is planned for 20 September. The final format is to be confirmed, but is likely to be a 12 dozen round at an appropriate distance. It will be all day with social gathering at the end.
- In the last week of September, a social shoot (possibly a lottery and / or Zombie shoot) will be arranged to end the season.

Round of the month

The rounds highlighted in blue will be used for a 'Round of the Month' competition, which will be for the best handicap adjusted score for that round in that month. For those currently without handicaps, you will need to submit a score for three rounds before you can participate -there is lots of opportunity to do this in April.
